The Arts and Crafts, and Kentucky picture exhibit, given by the woman's Club May 12 and 13 will be held in the room on the corner in the Hemphill building. The public is asked to attend.

### Excursions Start.

The first excursion of the season was run to Cincinnati Sunday over the L & N. A fair crowd went from here, but not as many as would have gone had the weather not been so inclement.

### Phil Dunn Dead.

Philip Dunn an aged colored man, well known about town died Saturday and his remains were interred in the Lancaster-colored cemetery Sunday, the funeral being conducted by the U. B. F. Lodge, of which he was a member.

### Prominent Attorney Here.

Attorney Joseph Robinson, of Lancaster, is in the city today. Mr. Robinson has been prominently mentioned as the proper man to succeed Hon. Charles A. Hardin as Commonwealth's Attorney in this judicial district—Danville Advocate.

### Lost.

In or near Danville, a Ladies Old Gold Hunting Case Watch with Monogram L. P. M. on front case and 1908 covering back case.

Finder please return to Parks & Hendren, Danville, Ky., or Miss Lula McWhorter, Paint Lick, Ky., and receive reward.

### Night Watchman On Duty.

Mr. Thomas Chappell has been placed on duty as night watchman and will remain on until the electric light plant is again in operation. The chief object in placing a night watchman on duty was to guard against fire, but Mr. Chappell is also vested with police powers and the evil doers will also be given his attention.

### Emergency Lights.

The City Council has purchased twelve gasoline torches, which they have placed around the square and at the cross streets. These are considerable help, and are much better than no lights these dark nights, but we sincerely hope that it will not be very long before the electric lights will be rebuilt and in running order.

### Play Ball.

The Blue Grass league season will open on the 9th inst with games at Maysville, Frankfort and Winchester. The league this year has six clubs from Paris, Richmond, Winchester, Frankfort, Lexington and Maysville.

Several of the players from this league of last year are now "big leaguers," prominent among whom is "Germany" Kaiser, who is wanted by several clubs of the National league, who are offering big prices for him.

### Notice.

Notice is hereby given that an election will be called in East Bryantsville precinct No. 5, at the regular voting place in this precinct in Garrard County Ky. at one o'clock P. M. on Saturday May 13th, 1911 by the chairman of the democratic county committee to elect a committeeman to succeed Ike Dunn who is now a non resident. This May 4th, 1911. James I Hamilton Chairman.

### The Record Improves.

The Record has installed a new International gasoline engine which, when we get accustomed to the pistol like exhausts and thoroughly acquainted with the working of the plaguey thing, we hope will prove a great improvement. It will do away with the heat and smoke of the old upright engine which we have been using, and will save the foreman the trouble of "kicking" the job presses, and will save considerable time in the running of both the news and job presses. The assistant editor is trying to figure out some way to hook the engine onto his typewriter and thereby lessen his labors.

### Masonic Banquet.

On last Thursday afternoon Mr. Sam K. Veach of Carlisle Ky. came down bringing with him the members of his degree team, comprised of some of the brightest masons in the state, and put on work in the E. A., F. C. and M. M. degrees for Lancaster Lodge 104 F & A. M. The work began at three o'clock in the afternoon and continued until supper time, when the crowd assembled were invited to the director's room of the Citizens National Bank by Mr. W. O. Rigney, W. M. of the local lodge, where Mrs. Rigney had prepared an elegant luncheon, which was partaken of with great zest by the hungry crowd.

The work in the lodge room was resumed at 7:30 o'clock and was not finished until after eleven, when all repaired to the Kengarlan hotel, where Mrs. Zimmer had prepared one of the most elaborate banquets it has ever been the pleasure of a great many of us to attend. There were six courses and every delicacy obtainable at this season was served.

Mr. Veach is P. G. M. of the state and together with his degree team, which also embraced a quintette of splendid voices, exemplified the work in a manner which elicited the highest compliments from the assembled masons

### Announcement.

I hereby announce myself as a candidate for the office of County Judge of Garrard County subject to the action of the Democratic party.

C. A. Arnold.

The young man connected with the proposed Ice Delivery Company, whose announcement appeared in this paper a couple of weeks ago, advise that on account of not being able to lease a suitable structure for the proper storage of ice in earl lots, and on account of the short time remaining in which to secure ground and erect a suitable storage, they are compelled to abandon their idea of establishing a delivery service this season.

### Judge Ford Not A Candidate.

The question has been asked me several times during the last few months whether I would be a candidate for re-election to the office of County Judge. I will answer by saying that I made the statement before and after the last election that I would not be a candidate for the next term. I have never changed my mind about it, so I now say positively and emphatically that I will not be a candidate. I make this statement for the benefit of some friends who might want to make the race and are holding back on my account. I am only in politics at present for the benefit of my friends.

I will publish an account of my stewardship in the near future as I think every public official should be required to do. A. D. Ford, County Judge.

### Booze To Be Limited.

More stringent measures are to be adopted in regard to the bringing in of booze on excursion trains than have heretofore been in vogue. It has been the custom for people, both white and black to bring in with impunity as much of the invigorating fluid as they chose, but it seems that some of them could not stand this laxity of supervision in this respect, and have been bringing in not only all their hide would hold, but also suit cases, baskets and every other available receptacle full of it. They are also wont to herald their homecoming on some occasions by yelling and other boisterous conduct. All this is to be stopped, and Marshal Herron says that he is going to adopt stringent measures in regard to it.

Now a word to the wise is sufficient, and if you do not want to be caught with the goods on you, you had better leave off the gaudy in case the Chief should decide to place you in the balance, you would be found wanting, if he does catch you with an unreasonable amount, either aboard, or as baggage, it is going hard with you.

### Senator McCreary Gives Views.

In a speech at Burlington, Boone county, Monday Senator McCreary gave his views in such a concise and decisive manner, as will in our estimation, satisfy the most persistent clamors of press and public that he states his attitude as to the democratic platform.

We give below what the Senator says he favors, and what he would condemn in the platform:

"I am in favor of:

"First—General improvement of our educational system. There should be better schools, better school houses and more of them, and more school children in attendance, and better pay for the teachers, and there should be County High Schools in every county as authorized by the existing Common School Law. Education is the foundation of progress, and if the people are properly and intelligently educated necessary progress is sure to come.

"Second—There should be such legislation as will provide better roads and bring the roads in each county of Kentucky to a high state of efficiency. The cost of bad roads is a continuing heavy expense and the best remedy is the construction of good roads.

"Third—Tax revision is desired by many persons and it is asserted that the business interests of the State demand it. Two commissions after considering this subject reported in favor of tax revision. If I am honored by being elected Governor I will approve any bill passed by the General Assembly providing for the submission to the voters of the State an Amendment of the Constitution of Kentucky authorizing the General Assembly to revise our present tax system. This important matter will thus be left to the voters of the State to decide whether the General Assembly shall be authorized to revise our present tax system.

"Fourth—Divorcement of the State penal institutions from politics.

"Fifth—Non-partisan management of the State Fair, and of the Farmers Institutes required to be held in each county.

"Sixth—Business examination and inspection of banks.

"Seventh—Election of United States Senators by the direct vote of the people.

"Eighth—Organization and co-operation among farmers and also among laboring men.

"Ninth—Faithful upholding of the cardinal principles written by Thomas Jefferson, which declares in favor of freedom of Religion, and also of that part of the Constitution of the United States which declares no religious test shall ever be required as a qualification to any office of public trust under the United States, and which is also substantially set forth in Section 6 of the Constitution of Kentucky."

### For Attorney General.

JAMES GARNETT OF ADAIR CO.

Hon. James Garnett of Adair county was in town last Saturday in the interest of his candidacy for the democratic nomination for Attorney General. Garnett already had many friends here but made a number of new ones while here last week. He is one of the best lawyers in the state and will very likely win the nomination. He will make a strong man on the ticket as he is very popular in his home county and district and will carry both by a good majority. The democratic party need such men as Mr. Garnett on the ticket this fall and they are sure to win.

The Ladies of the Methodist Church will serve Sausages, Ice cream and cake in the county court room Friday May 12th. 25 cents.

Waneta, the bright little one year old girl of Mr. and Mrs. Arch Dyehouse died Wednesday in Harrodsburg and was buried there Thursday.

Mr. and Mrs. S. D. Turner are rejoicing over the arrival of a girl at their home on Crab Orchard street. The young lady arrived Tuesday night.

### New Store.

Mr. Morris Cohn of Danville, who is well known in this section, has rented the Hemphill store room on the corner of Lexington street and the public square, and will open up a clothing, shoe house.

Fare good at the Lancaster Fair, Wednesday, Thursday and Friday, July 26th, 27th and 28th, 1911.

For The Legislature.

We are authorized to announce John M. Farra as a candidate for the Legislature, subject to the action of the Democratic party.

Look On The Bright Side.

There is an old idea that has taken a firm hold upon the minds of many people that a panic usually accompanies a presidential year. So firm has this belief become rooted in the minds of a great many people that they begin to get ready for it several years before its predicted arrival. This getting ready process sometimes precipitates stringent times, which otherwise would never be with us, the holding of money, refusing to loan it on the usual security, is the principle sign of the getting ready process, and this together with several other preparatory steps which usually accompany this perennial bugaboo, serves to place the majority of people in such fear of a panic that one naturally ensues.

Last fall when there was such a stir about the tobacco raising question, and when tobacco was bringing such poor

prices, a panic was freely predicted within the coming year.

There is very little if any reason for such predictions, and positively no grounds for fear of a panic. It is true that tobacco brought a poor price, and equally true that some of the farmers, especially the tenant class, lost money on their last year's crop, but that is a natural sequence of over production, and a condition of affairs which can be improved by cutting down the acreage this year. If tobacco does not bring living prices, put your land in some other crop, tobacco is not the only thing Garrard county soil will produce. Try hemp, hemp brought a good price this year, probably due to the small acreage. If you are not prepared and do not care to raise hemp, then fall back on the old reliable, the surest crop of all, namely, corn.

Within the past few years corn has been bringing good prices, and it is the surest crop that can be planted in this country.

It is freely predicted that corn will not go below \$2.50 per barrel in this country again; another advantage in raising this crop is that you have a market for it right here at home, you do not have to depend upon the representative of some trust to buy it, or else haul it from ten to twenty miles to market.

Another advantage is that if the prices offered do not please you, you can feed it to hogs and get your money out of it in that way. It is true that the hog market is considerably demoralized at present, or rather they are not bringing the in-flated prices that they did a year ago, but they are still commanding more than a nickel at home, and it is well known that a farmer can get a good price for his corn by feeding it to five cent hogs.

Mule colts, mules, horses and all classes of stock are bringing good prices, money matters are easier, money may now be had at the usual rates of interest prospects were never brighter than now for good crops, farmers are well along with their work, the weather is reasonable, and everything points to good crops and prosperity.

What we now want is more work and less politics, to be rid of the famines prophesies who base their predictions on politics and the political situation. If a few of these politicians would go to tilling the soil and quit trying to scare the people who do work to death by telling them what will happen if they are not elected, there will be much more prosperity, and the people will quit thinking about hard times.

Suppose next year is presidential year, that is going to effect the productiveness of your soil, or cause you to have fewer lambs or pigs next Spring. The multitude must be fed even if we never elect another president, and if the farmers, the bone and sinew of this country, the producers of all that we eat and wear will quit getting scared at the panic prediction of every little

jack leg politician that comes along, and give his undivided attention to his farm and his stock, panics and string-tension money matters will soon be a thing of the past.

### The Hands Of Charity.

FRIENDS of Senator Paynter find it necessary to excuse him for his failure to perform the duties assigned him in the Ballinger Investigation on account of sickness. He asks to be excused in failing to vote on behalf of the people in so many important matters, while sitting in the Senate Chamber, when friend "Alaska Coal" Copper King Guggenheim has tied him in a dead pair, on account of Senatorial Courtesy.

For his stupendous blunder in his Herculean effort to save the shameless Lorimer for the benefit of the Special interest in the senate, his friends would excuse him on a mathematical mistake in solving a problem that any twelve year old boy of ordinary intelligence could work correctly in three minutes, when it took Senator Paynter four hours before the Senate to reach a conscientious conclusion and then get the wrong answer.

Now, is it not the wisest thing for all the Democrats to just excuse Senator Paynter from the Senate and place in his stead, the big congressman from the second district for whose public acts in congress his friends are required to make no excuses and of whom his enemies make no criticisms. Senator Paynter says that Ollie James has been such a useful member of Congress that the people can not spare him out of the House. No body has said so much for him as to the Senate.

A druggist at Lexington was fined fifty dollars and sentenced to thirty days in the workhouse for selling morphine to a woman. If a few more fines and penalties like this were imposed for the illegal selling of morphine and like drugs a great many of the poor creatures who are addicted to the habit might be saved from misery and death through its instrumentalities.

To the long list of recent conflagrations was added a disastrous fire Sunday in Bangor Me. which destroyed one third of the city including churches, residences and business houses and entailing a loss of over six million dollars and rendering thousands of people homeless. The fire was only checked by the timely arrival of a heavy downpour of rain which began falling at midnight.

Many towns throughout the state suffered Sunday from the heavy rain. At Glasgow the electric light plant was put out of commission, and the streets of Owensboro were inundated and many other places report more or less damage to crops and property. The streams throughout this county were past fording, but no damage was reported.

The Canadian Reciprocity Bill, having passed the house, is now up to the Senate for their action. It is now in the hands of committee, of which Senators Penrose, who is favorable to the measure, is chairman, but the majority of the committee are opposed to it, and it will probably come out of the hands of that body and go to the senate without recommendation, where after it has been argued, it will be put upon its passage.

The imaginative space writer is again getting in his work. The latest one to be heard from is at Lexington Ind., where, to quote Monday's Courier Journal, a large thomas cat hatched out a brood of twelve chickens and then assumed the duties of the maternal hen and is rearing the flock.

Judge Ed C. O'Rear opened his campaign for the republican nomination for Governor in a speech at Russellville Monday.

### Doctor Praises D. D. D.

ALTHOUGH an M. D., I acknowledge to my patients and patrons that your remedy, D. D. D., reached cases of Eczeema and permanently cures them.—Dr. Ira T. Gabbett, Caldwell, Kan.

"My cure began from the first application of D. D. D. My skin is now as smooth as a baby's. I wouldn't take a thousand dollars for what D. D. D. has done for me," writes August Santo, of Chillicothe, Ohio.

These are just samples of letters we are receiving every day from grateful patients all over the country.

"Worth its weight in gold," "All my pimples washed away by D. D. D."

"I found instant relief," "D. D. D. is little short of miraculous." These are the words of others in describing the great skin remedy, D. D. D.

Proven by thousands of cures, for ten years to be absolutely harmless and reliable in every case of skin trouble, no matter what it is.

Get a trial bottle to-day! Instant relief—only 25c. At all druggist.

### Laundry Shuts Down.

The Lancaster Laundry has closed down, not because of lack of patronage or that it is not on paying basis, but because of the ill health of the owner, Mrs. W. A. Arnold.

Mrs. Arnold overestimated her strength when she purchased this property with a view of operating it herself, she being a woman of much more energy than strength. However she has been compelled to give up the management of it, and rather than put some one else in charge she concluded to close it down until she could dispose of it altogether.

A laundry is a badly needed industry in Lancaster, and it is hoped that some live up-to-date person will buy or rent this property and speedily place it in operation.

### New Dress Making Establishment.

MISS Linnie Moss of this city and Miss Elizabeth Lay of Lincoln county have established a dressmaking establishment over Mr. Powells store on Richmond street and will appreciate the patronage of the people of this county. They guarantee absolutely, first class work and reasonable prices. There is a good opening here for this business and these two young ladies will no doubt make a success of their undertaking as both have had several years experience in the dress-making business.

### More Candidates.

Mr. Ashby Arnold was in town Saturday afternoon shaking hands with his many friends, and in answer to the inquiry as to whether or not he was a candidate for sheriff, he answered that he had been a candidate for the nomination for some time and that he expected to be in to the finish. He further stated that he was meeting with much encouragement and was very confident of his prospects.

Mr. Robert L. Arnold is also thinking of shying his castor into the ring for the nomination for sheriff, he states that "he is in the hands of his friends," and it is more probable that they will force him to announce.

The Messrs Arnold are both clever gentlemen, and should either of them be nominated they would make strong candidates.

### Estimable Woman Dies.

Mrs. Almira Warren, one of the most highly respected Christian ladies of the McCreary section of the county, died at her home Sunday of heart disease. She was seventy four years of age and was the widow of the late Howard Warren. She is survived by one brother, Abner Davidson of Kansas City Mo., two sisters, Mrs. Ashley Gulley of this county and Mrs. Mary Cole of Richmond, Ky., four sons, Orville, Brutus, Clarence and Porter Warren, of this county and two daughters, Mrs. Clayton Warren of this county and Mrs. Dr. Peeler of Decatur Ills. She was the aunt of Messrs J. D. Gulley and L. G. Davidson of this place.

Mrs. Warren was a life long and faithful member of the Christian church and after services at the grave Monday afternoon by her pastor, Rev. F. M. Tinder, her remains were laid to rest in the Lancaster Cemetery.

### A Burglar's Awful Deed.

may not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful benefit in constipation and female trouble," wrote Mrs. M. C. Dunlay, of Leadill, Tenn. If ailing them, 25c at R. E. McRoberts & Son.

### Do Ghosts Haunt Swamps?

NO. Never. Its foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous, and lowlands. These are the malaria germs that causeague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electrid Biters destroys and casts out these vicious germs from the blood. "Three bottles drive all the malaria from my system," wrote Wm. Fretwell, of Larama, N.C., "and I've had fine health ever since." Use this safe, sure remedy only. 50c at R. E. McRoberts & Son. 1-m

### Burned To Death.

About two o'clock Sunday morning fire was discovered in one of the tenement houses on the chute in the rear of the Baptist church. The house was occupied by Damsel Hickman an aged colored woman, who perished in the flames.

Shortly before the fire the old woman was supposed to be slightly demented, was seen by residents of the locality who were going to the depot, sitting in her home with a lamp burning. It is supposed that she overthrew the lamp which fired the house.

When the fire was discovered it had reached such an intense stage that no one could enter. The old woman was heard calling for help, but she either could not or refused to come out, and it was not until the fire department reached the scene and extinguished the flames that she was rescued and her body was then a charred and unrecognizable mass.

The house was the property of Mrs. Elizabeth Smith and was a total loss.

### Saved Child From Death.

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Braxton, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, laryngitis, asthma, croup and sore lungs, its the most infallible remedy that's made. Price 50c and \$1.00. Trial bottle free. Guaranteed by R. E. McRoberts & Son. 1-m

### Our Boys Win.

The Lancaster High School base ball team shut out the Danville High School team on last Friday afternoon on the home grounds. Because of wet ground the game was called after six innings had been played. The feature of the game was the pitching of Stanley Herron for the home team, he striking out eight men and only allowing two hits. The score was seven to nothing favor of Lancaster.

### Addams! Addams! So Say We All Gentlemen!

Is there a Democrat but believes that if Senator McCreary gets the Gubernatorial nomination, the chances of his party's success will be in doubt?

It is not the part of wisdom, therefore, for him to turn to some one who can bring the people to victory? William Addams, of Harrison county, is such a candidate.

Place your banner in his hands and he will give you the hope and enthusiasm that must land us all winners. A few weeks since we were left floundering, feeling that there were none to make an active fight to oppose Senator McCreary for the nomination, but since the manly stand and clean-cut statements of Mr. Addams, our doubts are at last thrown aside and hope has taken the place of our doubts in our party success.

There are times when our darkest periods are just before the dawn, and Democracy in Kentucky appears to have passed through them. From now on every one should feel, with such a man as Addams to lead, that success must surely come.

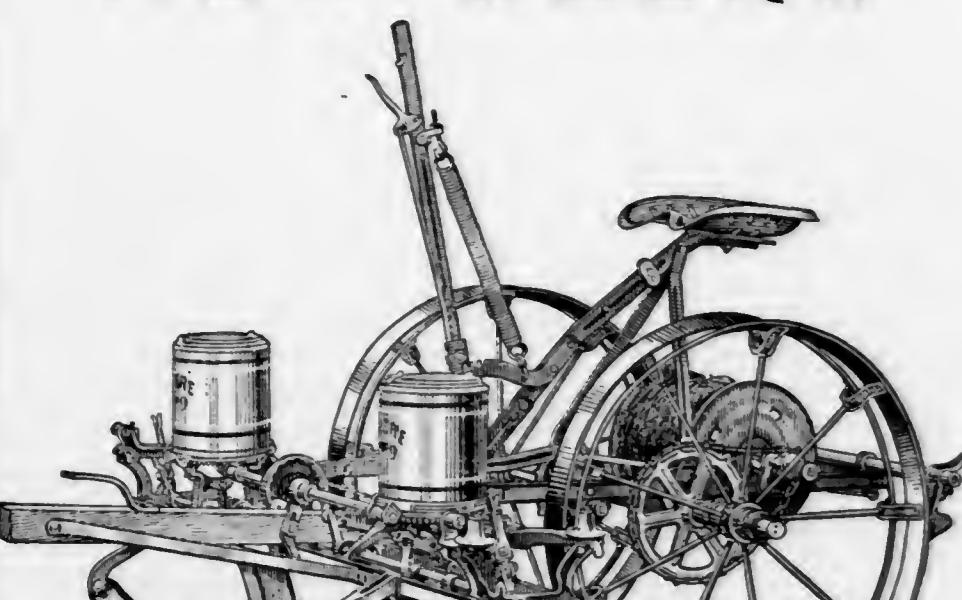

Mr. Addams has a number of relatives and friends in "Old Shelby," and, though this county is in Mr. McCreary's district yet it can be turned to the Harrison county man who can lead the party triumphant in November.

Let us stop our party bickerings. Addams is a man we can unite upon, and let us all, therefore, get together and be for Addams.

Let the party slogan be, "Party success," and Mr. Addams will be selected. He is the man of the hour, the man you want, the man you need, the man you must have.

Addams! Addams! So say we all! Addams!—The Shelby Sentinel.

DENNY BROS  
LANCASTER, KY.

Garrard Chief

1835.

Bay stallion 15-3 hands, foaled summer 1902, said by good judges to be one of the finest stallions living. He is a perfect image of his great sire Chester Dare 10. Mr. J. C. Graves who raised and showed Chester Dare 10 says it is almost impossible for two horses to be more alike than Garrard Chief 1835 and Chester Dare 10. Col. W. A. Barriger, of Shelbyville, Ky., has judged this horse at the Texas State Fair several times says he is as fine a horse as he ever saw. Garrard Chief won the championship of the South West at Dallas in 1908, 1909, 1910 and during that time his colts won more than any other herd shown there in saddle classes. At Fort Worth Horse Show in March 1910 Garrard Chief won first in breeding class for saddle stallions and age over 15 good ones. He also won at same place first for five-gaited saddle stallion mare or gelding. He will make the season of 1911 four miles from Stanford on Hustonville pike at \$25 to insure living colt. Mares grazed \$2.50 per month. Care taken to prevent accidents but not responsible should any occur.

J. H. MURPHY,  
Stanford, Ky.

Bohemian King, 2410

Chester stallion, 16 hands high, weight 1250 pounds, foaled 1905. By Bourbon King. Dam Queen of Harrison, by Harrison Chief. Bohemian King owes his success as a sire largely to Queen of Harrison, who was a finer and faster mare than her sister, Lou Chief.)

Property of Glenworth Stock Farm, Burgin, Ky.

Champion of Champions, World's fastest five-gaited saddle stallion. Highest priced and undefeated two year old. Kentucky's Champion saddle stallion at a three year old. A sweepstakes winner at a three year old in roadster, harness and saddle rings. The fastest bred saddle stallion before the public. Combines more animation, action, speed, bone and substance than any horse in Kentucky.

Bohemian King has proven as great a sire as he is Show horse. His colts are changing hands every day, somewhere, at long prices. He sired the Champion yearling harness mare of Kentucky, Bohemian Princess, also the Bohemian Girl, the only mare that defeated Bohemian Princess in 1910. He sired the winners of every colt stake South of the Kentucky river in 1910. He sired the record price, yearling saddle mare who sold for \$1,100, and many other sucklings bringing from \$500 to \$750.

If you would make the business profitable, breed horses of size; there is no market for the little ones.

He will make the season of 1911 at \$50 to insure a living colt, or \$30 the leap.

Henry Caywood, of North Middle-town, bought of a Nicholas county party one hundred lambs for June delivery at 5 1-2 cents per pound. He also pur-

chased of the same party one hundred fleeces of wool at eighteen cents per pound.

At the sale of dairy heifers and cows all registered, made last Friday by L. B. Stanley, fifty-three head, large and small, were disposed of. The general average was about \$115, a number bearing little calves. The highest price paid was \$260, for a cow—Shelby Record.

Walker Flannery sold Robert Burnside a nice combined mare for \$190, and bought of W. R. Gott a fancy road mare for \$230.

Mr. J. Scott Judy, of Clintonville, purchased recently of Mr. Luther Hamilton, of Winchester, Blue Chester. The noted sire of saddle stallions. The price paid was \$750.

J. W. Parrish, of Woodford county, sold to Jonas Weil, of Lexington, what is perhaps one of the finest bunches of export cattle that ever left Central Kentucky. There were ninety three

in all that averaged 1,500 pounds and brought the top price of six cents a pound. They will go to England to furnish steaks and roasts for the Britishers during the coronation of King George V.

### CRESTLAND.

3173, Vol. 7.

Will make the season of 1911 at my place, 2½ miles east of Paint Lick, on Paint Lick pike.

Crestland is by Rex Peavine 1796. Dam Annie Rooney 4104; 2nd dam Powell's Drennon; he by Brinker's Drennon 1600. Will Serve Mares at

\$30.00 TO INSURE A LIVE COLT.

Mares sold, traded, or bred to any other horse without consent, the money will be claimed for service rendered by our horse. Mares kept at 10cts per day on grass, but not responsible for accidents or escapes. A lion retained on colts for the season money.

### Beau Naboth 45006.

By Naboth 10116.

By Walsingham by George Wilkes.

Beau Naboth's dam, Nora Baughman by Norval 5835, by Electioneer 25; 2nd dam Lela J., by Metropolitan 139; by Hamiltonian 10; 3rd dam Josephine by Mambrino Starlight 3942, by Darlbay 441; 4th dam Mary Withers by Oliver (thoroughbred); 5th dam by Wagner; 6th dam by Imp. Trany; 7th dam by Thornton's Rattler.

Beau Naboth is a handsome bay, standing 15-3 hands of great style and action and perfect disposition. He has proven a breeder, and his own breeding, the Electioneer-Wilkes cross is second to none.

Beau Naboth will make the season of 1911 at A. T. Nunnelley's stock yards at \$15 to insure a living colt. Money due when mare is traded or parted with or bred elsewhere.

J. M. PETTUS,

Master Commissioner Garrard Circuit Court.

### King Squirrel.

Old plantation, walking saddle stallion, will make the season of 1911 at my barn 2½ miles South of Paint Lick on Richmond and Lancaster turnpike ½ mile from Manse at

\$10.00 To Insure A Live Colt.

King Squirrel is 10 years old, full 15 hands 3 inches, jet black, fine saddle and harness horse, splendid style and action.

His 1st dam by Peavine; 2nd dam by Lexington; 3rd dam by Copper-bottom. King Squirrel was sired by Black Squirrel, Jr., he by Black Squirrel, 58, bred by J. C. Graves, of Woodford Co. Black Squirrel was sired by Black Eagle, 74, he by King Williams, he by Washington Denmark, he by Gaines Denmark. He has proven to be a sure foal getter and his colts have good size and style and are natural walkers and good drivers.

M A M M O T H K I N G N O. 1894

Black Jack, with white points, full 15 hands, will make the season at the same place at TEN DOLLARS to insure live colt. He has proven a sure foal getter and fine breeder. Seven of his colts, all foaled (so far) this spring average 42-5-6 inches. Let's hear from some Jack man to beat it. Will make contracts to serve Jennets. Mares or Jennets from a distance grazed at \$2.00 per month. Money due when mares are parted with or bred to other stock. Lien retained on colts for service fee in all cases. Care taken to prevent accidents or escape; but not responsible should any occur.

### "The Made-to-Wear Paint"

If you expect to do any painting, you are interested—you should be—in the quality of the paint to be used.

In any given job of painting, labor represents practically two-thirds, material one-third the cost.

It stands to reason that with so much expense in labor, the enduring quality of the paint is all important.

Why have the painting done unless the protection and durability of the job is sought?

How is one to determine the true value and obtain paint that may be depended upon for durability?

HANNA'S GREEN SEAL PAINT IS NOT A SECRET. This paint has the printed formula on every package.

The makers have confidence and take pride in the quality and tell the public the composition of the paint.

IS THIS OF ANY VALUE TO YOU? IT OUGHT TO BE.
